Clinical presentation, ICU management and outcome in severe COVID-19 disease – A prospective observational study

Published On: June 13, 2023 | Pages: 010 - 016

Author(s): Prakash Shastri*

Aim: We conducted a prospective, observational study to describe the clinical characteristics, management, and outcomes of patients with moderate to severe coronavirus disease admitted to the Intensive Care Unit (ICU). Methods: The study was conducted from 1st July 2020 to 31st December 2020. The criteria for ICU admission included a positive Reverse Transcriptase-Po ...

A comprehensive overview of the pharmaceutical properties of Indian coastal sand dune flora: Emphasis on anti-virals

Published On: February 03, 2023 | Pages: 001 - 009

Author(s): Saravanakumar Vigneshwar, Arjun Kowsalya, Sarah Jency John Kennedy, Praveen Gopi and Dinakarkumar Yuvaraj*

Viral infections have an essential function in both humans and other organisms. The persistent rise in viral diseases has made critical damage to human well-being. The present review indicates that viral diseases are been entangled in various cancer developments. Developing safe and effective antiviral medications remains a challenge. As a result, finding therapeutic ...
